

STOP WORK POLICY STATEMENT

Zinsolar Engineering Sdn Bhd firmly believes that no task is so important or urgent that it cannot be performed safely. Ensuring the safety of our employees, contractors, and the public is our highest priority.

We are fully committed to empowering all individuals involved in our operations to take immediate action to stop any work that is deemed unsafe.

Under this policy, every employee, contractor, and stakeholder is granted the authority and responsibility to stop any task or operation that they believe poses an imminent danger to safety, health, or the environment.

Individuals who exercise this right in good faith will be protected from any form of retaliation or disciplinary action. When work is stopped, the concern will be promptly investigated, and corrective measures will be implemented before operations are resumed.

Additionally, Zinsolar Engineering Sdn Bhd is dedicated to ensuring that all personnel are adequately trained to identify unsafe conditions and actively contribute to promoting a safe work culture.

We are committed to fostering an environment where safety is prioritized above all else and where everyone feels confident and supported in taking necessary actions to uphold safety standards.
